MAK3P

Passive format line array speaker

MAK3P is our first mini speaker made in shape of Line Array speakers.
Small, but with all characteristics of a conventional speaker.
MAK3P is satellite speaker containing three speakers of 3" delivering 90 W, horizontal and vertical coverage of 60° and weighting only 2,5 kg.

PRODUCT DESCRIPTION:

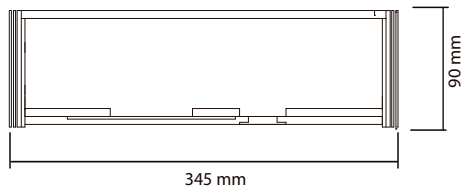

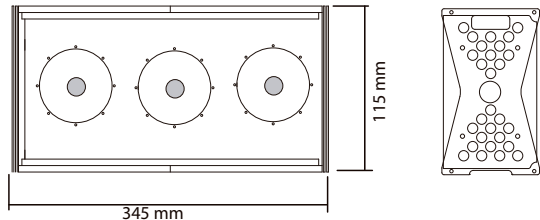

MAK3P is our first mini speaker made in shape of Line Array speakers.
Small, but with all characteristics of a conventional speaker.
MAK3P is satellite speaker containing three speakers of 3" delivering 90 W AES, horizontal and vertical coverage of 60° and weighting only 2,5 kg. This speaker is usually combined with our subwoofers IKS12A or IKS18A that are active subwoofers equipped with two-channel POWERSOFT amplifiers and our DSP processing.
Ideal solution for installations, small venues, mobile discotheques or monitoring situations.
Suitable to be amplified by third party amplifiers, in case of installations, always under technical advice of our engineers.

APPLICATIONS:

- Indoor Live Sound systems.
- Conference Halls.
- Audio-Visual systems.
- Monitoring systems.
- Disco-Bars and Discotheques.
- Surround Sound Systems.
